

# Characteristics, Rolling for:

Roll twice for each of your nine characteristics:

If you want to know what a specific characteristic is, see: "Characteristics, Explanation of:" in the C Section of the Basic Rules Book (then come back here and continue).

The following is a list of characteristics in the order which they appear on page #1 of your character sheet.

Awareness  
Charisma  
Constitution  
Coordination  
Dexterity  
Intelligence  
Mental-Strength  
Strength  
Wisdom

Roll your % dice on Chart #1 for each of the 9 characteristics, starting with your Awareness. ROLL TWICE for each characteristic, keeping only the higher of the two rolls. Do this for each of the 9 characteristics. After you are finished, roll on "Characteristic points, Extra" (Chart #9). After you are finished, proceed to the next step:

# Characteristic points, Extra:

Extra characteristic points are to help in the creation of the character. You can add one or more of these points to any combination of **characteristics** you choose.

When you initially chose your race type, you may have gotten some adjustments to your characteristic scores due to the race you picked. Go ahead and do those now, and then roll on Chart #9 for your Extra Characteristic Points. When you are done placing them, and getting your characteristics situated, move on to the next step:
