

Clouded Water source.

Read to the players:

You see a pool of obscured water before you. A steam rises from its surface, and it is surrounded by a circle of stones.

Explanation:

One who bathes in these waters will be empowered with a random ability or spell, which can be invoked or cast by using ability or spell-points as normal. Prerequisites ARE NOT enforced for learning and using the ability or spell gained in this secret in the wilderness.

Note:

See: "Characters, Random determination of" in the C section of the Basic Rules Book. After you roll up a random character, roll on "Scrolls" in the Treasure Book, ignoring the rolled result of "Protection Scroll".

Until this result is rolled again, in a separate Secret in the Wilderness, the same person or creature cannot benefit from bathing in this pool again.
