Explanation: The Pistol-crossbow of Repeat will shoot 5-20 (roll 5 D-4) Pistol-crossbow bolts in one single turn(roll once and that will be the permanent number of arrow the Pistol-crossbow can shoot).

It must be loaded with the Pistol-crossbow bolts each time it is fired (it doesn't happen automatically). The wielder can choose to shoot 3 per turn or all at once. If 3 per is chosen, the wielder must roll for each Pistol-crossbow bolt to strike the intended target. If the wielder decides to loose all Pistol-crossbow bolts at once, he or she must only roll once to strike a target (when a target is successfully struck, all Pistol-crossbow bolts following the first in its path will strike as well. If the target is missed, all will miss).
