## Guardians of Utaemia

The books **do not** have to be read all the way through to be understood. The [Creating the Character](#) is a step-by-step character creation book. Begin at the top folder within this book and click on it (the Creating the Character book is NOT in alphabetical order, but is a step by step book for the creation of characters). As soon as you are done with the first folder, click the "Next Step" to continue in the creation process. Each step will give you the needed information to build a character. There will be links highlighted with blue outlines. These links will take you into the other books to read up on certain information you will need to know. REMEMBER: You **DO NOT** need to read all the books to play
