

# Armors, Enchanted:

Enchanted Armors are armors that have been spell-bound to hold an enchantment to aid the wearer.

Enchanted means that a set of this type of armor will have some ability or power that has been spellbound into it.

Each class point of an Enchanted Armor will increase the wearer's defense by +1

Each class point of an Enchanted Armor will increase the value by 1,000 white-gold. **Example:**  
Class-1 Enchanted Armor is worth 1,000 W.G., Class-2 is worth 2,000 W.G., Class-3 is worth 3,000 W.G., etc. This is only the CLASS value of the armor. The armor itself is valuable as well.
