

# Class, Creatures, Explanation of:

The following is a list and explanation of all Creature Classes:

# Animal

Any natural creature which is created by the means of natural reproduction. Not a giant sized creature of the same species. As a wolf is an animal, a Giant Wolf is a monster.

# Animated

Any non-living, non-feeling, creature (i.e., Stone and Marble Gargoyle, Stone Dragon, Haggrish Fiend, etc.).

# Dead

Any creature which has no soul (i.e., Dithinoth, Spirits, Shades etc.). Spirits are also known as intangible, or immaterial creatures.

# Enchanted

Any creature that must be struck with an enchanted weapon to harm it. Enchanted creatures are often times known to have extraordinary powers.

# Fiend

Fiends are creatures such as dragons. They often times need a magical weapon to harm them.

# Gaseous

A creature that is solely made of vapor, gas, etc. Xenon is such a creature.

# Mind

Any creature that does not have either a physical body, nor spirit. Mind creature are thought and intelligence. The Entity is a Mind Creature.

# Monster

Any living creature which is in larger form than a normal animal, reptile, amphibian, etc. These creatures do not need a rank weapon to harm them.

# Organic

Organic creatures are those that are made up solely of the living materials of nature. Gripper and Raesia Vine are two such Organic creatures.

# Undead

Not living, not dead. Always needs a rank weapon to harm them (with the exception of Ghoul).  
Many times, these creatures are life draining horrors that feed upon the essence of living things.
